APPLICATION DESCRIPTION

The applicant is requesting a rezoning from M-1 (Manufacturing) to C-3 (Commercial) to permit the operation of a ballroom and banquet hall. Access is from Myrtle. (Related to PZST13-00012)

CITY DEVELOPMENT DEPARTMENT -PLANNING DIVISION RECOMMENDATION

The Planning Division recommends **approval** of the rezoning from M-1 (Manufacturing) to C-3 (Commercial).

Plan El Paso-Future Land Use Map Designation

All applications for rezoning shall demonstrate compliance with the following criteria:

G-7 – Industrial and/or Railyards: This sector applies to industrial parks, large free-standing industrial uses, refineries, non-military airfields, trucking terminals, and mines, all on large tracts in areas dominated by vehicles. This sector is essential to El Paso’s economy; however, when an industrial use becomes obsolete, there can be potential for mixed use redevelopment of the site. This sector also includes the existing rail yards which could be redeveloped as mix-use communities if the rail yards were moved out of town.

The purpose of the M-1 (Light Industrial) district is to provide light-intensity industries involving manufacturing,

assembling, distribution and warehousing while supporting commercial uses and to preserve a light industrial nature particularly with regard to noise, smoke, odors, dust, vibrations and other noxious conditions.

The purpose of the C-3 (Commercial) is to provide goods or render services which are used in support of the community's trade and service establishments and serving multi-neighborhoods. Permit intensities designed to be compatible with each other and to provide for a wide range of types of commercial activity, including light automobile related uses.

COMMENTS:

City Development Department - Planning Division - Transportation

No objections

City Development Department – Planning Division - Land Development

No Objection. Grading plan and permit shall be required.* Storm Water Pollution Prevention Plan and/or permit required.* Drainage plans must be approved by the City Development Dept. Land Development Section.* * This requirement will be applied at the time of development.

City Development Department – Building Permits & Inspections Division

Landscape not required for this project unless the building is increased in size.

El Paso Fire Department

No objections

El Paso Water Utilities

EPWU does not object to this request.

EPWU-PSB Comments

Water:

Along the alley located between Myrtle Street and Texas Street east of Cotton Street there is an existing four (4) inch diameter water main. This main dead-ends at approximately 345 feet east of Cotton Street.

Along Myrtle Street between Cotton Street and Dallas Street there is an existing twelve (12) inch diameter water main.

Previous water pressure readings conducted on fire hydrant number 1733 located at the corner of Cotton Street and Myrtle Street have yielded a static pressure of 90 pounds per square inch (psi), residual pressure of 80 psi, discharge of 919 gallons per minute (gpm).

Sanitary Sewer:

Along the alley located between Myrtle Street and Texas Street east of Cotton Street there is an existing eight (8) inch diameter sanitary sewer main.

Along Myrtle Street between Cotton Street and Dallas Street there are no existing sanitary sewer mains.

General

As per EPWU-PSB Records 1519 Myrtle has a single three-quarter (3/4) inch diameter water service.

If the City of El Paso Fire Department requires additional fire hydrants on Public right-of-way and/or an on-site fire protection system within the private property, the property owner is responsible for all costs incurred to extend, relocate and construct water mains and appurtenances to provide this service. The owner is responsible for the costs of any necessary on-site & off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

Application for water and sanitary sewer services should be made 6 to 8 weeks prior to construction to ensure

water for construction work. New service applications are available at 1154 Hawkins, 3rd Floor. A site plan, utility plan, grading and drainage plans, landscaping plan, the legal description of the property and a certificate-of-compliance are required at the time of application. Service will be provided in accordance with the current EPWU – PSB Rules and Regulations. The applicant is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

CITY PLAN COMMISSION OPTIONS

The City Plan Commission may consider the following options and additional options that it identifies when reviewing the change of zoning application:

1. Recommend approval of the application finding that the rezoning is in conformance with the review criteria of Plan El Paso as reflected in CPC report or other criteria that the CPC identifies from the Plan.
2. Recommend approval of the application with modifications to bring the rezoning into conformance with the review criteria in Plan El Paso as reflected in CPC report or other criteria from the Plan as identified by the CPC.
3. Deny the application finding that the rezoning does not conform to the review criteria in Plan El Paso as reflected in CPC report or other criteria identified from the Plan by the CPC.
